REGISTRAR

Tender No. CDIT/3/11/GNL/T 300 Dated 5/09/2011 due on 13/09/2011 @ 11 AM

Specifications of the Smart Card for Driving Licenses and Registration Certificates

- Microprocessor based IC Card with contacts and with a minimum of 64 KB available E₂PROM
- Compliance to ISO/IEC 7816
- Compliance to SCOSTA v1.2b dated. March 15, 2002.
- The Tenderer must have been awarded the Certification for its hard-masked SCOSTA Smart Cards for Driving Licence & Registration Certificate application by NIC, New Delhi. The above Certificate shall be submitted along with the Bid.
- Supply voltage 3V nominal
- T = 0 or T = 1 transport protocol
- Min 10 years data retention
- Min 3,00,000 EEPROM write cycles
- Operating ambient temperature range -25 C to + 55 C
- Glossy surface, PVC/ABS plastic construction with overlay to allow color dye sublimation printing
- Smart Cards must have data objects for Card Sequence No. (Tag 5F34), Unique Chip Serial No. (Tag 46) and Card Primary Account No. (Tag 5A) at the MF level as per ISO 7816-6. Once programmed these data objects cannot be changed.
- The Smart Card should have UV Numbering
- The information as specified by the Department should be incorporated in the IC Chip (As per the National Standards as specified by Ministry of Road Transport and Highways, Government of India)
- The Smart Card should contain information in the Visual Inspection Zone, as specified by the Department. No logo or other material shall be printed without the written consent of the Department.
- 5 samples each of Driving License on Smart Card and Registration Certificate having 64 KB microprocessor chip complying with the Smart Card specifications as per SCOSTA V1.2b March 2002 (Hard masked sample) to be submitted along with the bid.
- The Selected Agency should have to enter in to an MOU with C-DIT for smooth and uninterrupted supply of cards as per requirement.
- Tenders will be Tenders will be opened @ 11.30 AM on 13/09/2011

Requirement: Approx: 4 lakhs/month
